PROFESSIONAL SUMMARY

Motivated BCA student and aspiring MERN Stack Developer with hands-on experience building full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Strong understanding of REST APIs, authentication, and database design. Passionate about backend development and eager to contribute to real-world software projects through an internship opportunity.

TECHNICAL SKILLS

Frontend	HTML, CSS, JavaScript, React.js
Backend	Node.js, Express.js,
Database	MongoDB
Tools	Git, GitHub, Postman, VS Code

EDUCATION

Bachelor of Computer Applications (BCA)

Shree Shambhubhai V. Patel College of CS & BM, VNSGU
Expected Graduation: 2026

Higher Secondary Certificate (HSC)

SV Patel School | Percentage: 79.73% | 2021

PROJECTS

Library Management System (MERN Stack)

- Developed a full-stack application using React.js, Node.js, Express.js, and MongoDB.
- Created RESTful APIs for seamless data handling.
- Implemented user authentication and authorization.
- Integrated frontend with backend APIs.

E-Commerce Clothing Store | MERN Stack

- Developed a full-stack e-commerce platform for men's and women's clothing using React.js, Node.js, Express.js, and MongoDB.
- Implemented JWT authentication, product management, shopping cart, and order functionality.
- Created RESTful APIs and integrated MongoDB for efficient data handling.
- Built a responsive user interface with category-based product filtering and search features.

EXPERIENCE

Self-Projects & Practical Experience

- Developed full-stack web applications using MERN Stack.
- Built RESTful APIs using Node.js and Express.js.
- Implemented JWT Authentication and MongoDB integration.
- Used Git and GitHub for version control.

CAREER OBJECTIVE

To secure a Backend Developer or MERN Stack Internship where I can apply my technical knowledge, strengthen my development skills, and contribute effectively to real-world projects and team success.
