PROFESSIONAL SUMMARY

Full Stack Developer Intern at Ora Infotech with hands-on experience developing backend workflows, booking systems, and responsive web interfaces. Skilled in JavaScript, React.js, Next.js, Node.js, Express.js, REST APIs, and database technologies including MongoDB and PostgreSQL. Seeking a MERN Stack Developer role to contribute to reliable, user-focused web applications.

TECHNICAL SKILLS

Frontend: React.js, JavaScript, Next.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs

Databases: MongoDB, PostgreSQL

Tools: Git, GitHub, Postman, VS Code

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern | Ora Infotech

August 2026 – Present | Surat, Gujarat

Antim Ritual — Agent Workflow & Advance Kit Booking System

Node.js, Express.js, PostgreSQL | antimritual.com

- Developed an agent workflow to support service-request management and processing.
- Built an advance kit booking system to support reservations and booking operations.
- Implemented backend functionality and booking-related API flows using Node.js and Express.js.
- Worked on application data handling to support coordination between users and service agents.

Ora Infotech — Corporate Website Redesign

React.js, Next.js, Tailwind CSS | orainfotech.com

- Contributed to the corporate website redesign, improving interface consistency and page styling.
- Developed reusable UI components and responsive layouts for desktop, tablet, and mobile devices.
